

Hi, Shooter!

It doesn't matter, from which direction you're coming; in any case you have to follow the highway **A30**, whether eastbound to **Hannover** or westbound to **Osnabrück**.

If you're arriving via Belgium or Netherlands or even Southwest-Germany (for example passing Strasbourg), you have to reach the highway **A1** from **Leverkusen (near Köln)** to **Bremen**. Nearby **Osnabrück** you'll find the highway crossing called **Lotte**, where you have to follow direction **Hannover** and you are upon **A30** !

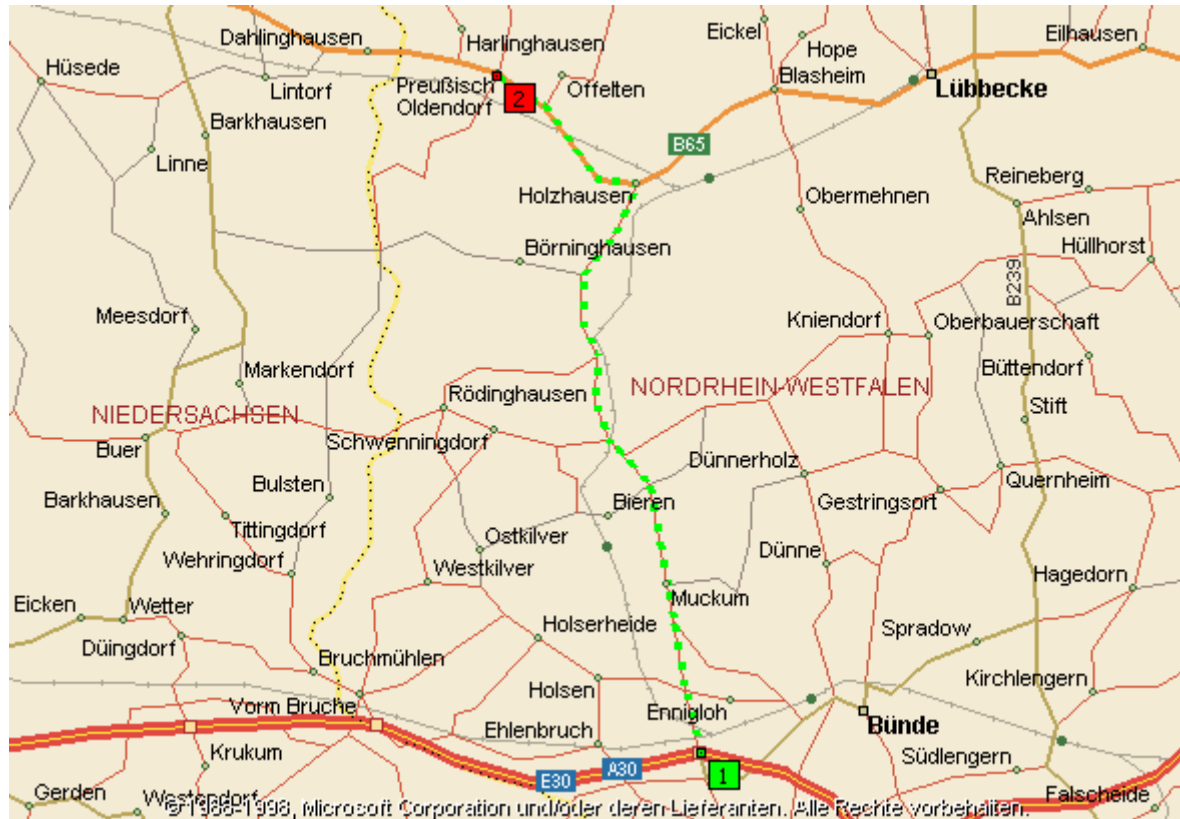

If you intend to come more from south or east, you have to reach highway **A7** and to follow to **Hannover**. There you have to change to highway **A30** in direction **Dortmund, Amsterdam, Osnabrück**. So you'll find yourself upon **A30** !

Following the **A30** you have to reach the area around the town called **Bünde**. The red dot besides the red **No1** shows the position of **Preussisch Oldendorf**!

Now you have to leave the highway at **Exit 27 / Bünde**, moving north in direction **Holzhausen, Preussisch Oldendorf, Lübbecke**. You follow this road passing **Muckum** and a (never ending ??) area of forest, until you reach **Holzhausen**. There you'll enter the **B65** automatically in direction **Preussisch Oldendorf**.

Here you can see the left turn in **Holzhausen**, just before entering the **B65** in direction to **Preussisch Oldendorf**, located under the „red cross“

Entering **Preussisch Oldendorf** (a small town) you have to follow the mainstreet around the church, until you reach a crossing with traffic lights. There you move left hand. The road is named **Rathaus strasse**.

If you are upon the **Rathaus strasse**, straight ahead, crossing a railway, then second street right hand you are on the **Jahn strasse**. **Attention! In the middle of the road are severe bumpers !!! Drive extremely slow to avoid damages !!** At the end of this street on the right hand you'll find the shooting club (characterized by the red square)
